COUGAR CREEK GOLF RESORT

“A Player’s Choice”

Cougar Creek Golf Resort is one of Alberta’s finest challenges. It is nestled in a natural forest on rolling terrain. Spruce, birch, poplar and aspen line many of the holes, which are generously spotted with sand bunkers, and most have water in play.

Since opening in August of 1996, many golfers have tested their skills and enjoyed the challenges of Cougar Creek. Our facility offers a unique golf experience for all levels of players as multiple tees allow the course to be played from 5,200 yards to nearly 7,000 yards.

The golf course, combined with our first class customer service, elegant clubhouse, and tasteful food service makes Cougar Creek a breathtaking experience. Located a short 30-minute drive West of Edmonton, Cougar Creek is designed for those who enjoy and look forward to playing the game of golf. Our facility and staff is available to help plan and provide a memorable experience for you and your group.

A Message From Cougar Creek

Dear Tournament Organizer:

Many groups, companies and organizations avoid golf tournaments because of the mistaken belief they are so much work or it will cost the company too much money. However, golf is an important part of the corporate culture in North America. Golf tournaments can provide an employer the opportunity to boost staff morale, while at the same time offer customers an important thank you.

There is no other game in the world today that is as great as the game of golf. Golf offers equal opportunities for players of all abilities and backgrounds, while providing an excellent environment to enhance friendships. At Cougar Creek we take the golf experience one step further. From the moment you arrive until the last prize has been handed out, my staff and I will make sure every part of your day is taken care of with the highest regard to professionalism and customer service.

There is no better value than a golf event. Cougar Creek and the experience we can provide is an exceptional value compared to other golf courses of similar stature. Please take the time to review the enclosed information and contact me if you have any questions or concerns.
